

NEW!
Our **MaxCare**
Premium
option

Handheld MaxCare is a comprehensive service plan available to every handheld device worldwide.

Our objective is to provide our customers with the best choice of a cost-effective and efficient straightforward service plans, which remove the uncertainty of any service costs, and additionally lower the total cost of ownership.

The Handheld MaxCare Service Plan is a comprehensive selection of additional protection, which gives you the security and reliability for your business to succeed. All Handheld MaxCare service plans are valid for a period of three (3) years, from the date of purchase of the unit, to ensure extended life-cycle protection. Ranging from the economical **MaxCare Silver** to the all-inclusive **MaxCare Platinum**, there is a suitable solution available for all needs. Furthermore, choose **MaxCare Premium** as an extra addition to your preferred service plan package, and your Handheld unit is also protected against any accidental damages.

MaxCare SILVER

MaxCare Silver is a straightforward and cost-effective service plan for the user who wishes to extend the standard warranty coverage from one (1) year to three (3) years.

MaxCare GOLD

MaxCare Gold contains all the features from **MaxCare Silver**, as well as free of charge shipment, all parts and labour costs covered, and a guaranteed quick turn-around time for repairs. The **MaxCare Gold** service plan suits the user who is looking for a more comprehensive coverage with fixed costs.

MaxCare PLATINUM

MaxCare Platinum is the all-inclusive service plan for the mission-critical user. This service plan contains free of charge shipment, an exchange unit whilst repairs are carried out, annual service reports and an annual service meeting. Optionally, there is the Gold disc feature: a backup of the unit's software when required. The **MaxCare Platinum** service plan is designed for the user who needs to minimize downtime and maximize productivity.

MaxCare PREMIUM

MaxCare Premium is a supplementary option, which can be added to any of the standard service plans, and is designed for the user who wants to be prepared for potential damages. MaxCare Premium covers all repairs required as a result of accidental damages, including non-warranty repairs*.

Handheld is a world wide supplier of rugged PDAs and handheld computers. All our products are ruggedized and can withstand water, dust, drops and vast temperature changes. Handheld and its partners deliver complete mobility solutions to businesses in industries such as logistics, forestry, public transportation, construction, military and security.

Terms

Validity of the MaxCare Service Plan

The service plans are only valid when and if the unit and/or spare part is used in accordance to the specifications provided by the manufacturer. This applies to exposure of the elements, temperatures, dust, moisture, vibrations, falls, maintenance and general care, as well as ordinary wear and tear.

Maintenance and general care

Handheld advises the user to follow the general care instructions of the unit, such as the manufacturer's recommendation to carry out frequent updates to operating systems and drivers, use of a screen protector and use of a stylus pen designed for touch-screens.

Ordinary and attritional wear

Deteriorations of the unit's components caused by ordinary and/or frequent usage are also covered by the extended warranty. Some examples:

- keyboard characters, which have disappeared
- touch-screens where the touch-function no longer functions
- connections which have stopped functioning due to worn out contact pins
- wrist straps of which the elastics have worn out

Repair of deterioration and attritional wear

MaxCare Gold and MaxCare Platinum cover the costs of reparations due to deterioration and/or attritional wear. However, for units covered by MaxCare Silver, this is not applicable. A special solution has been created: 10% discount on the current price list for spare parts, together with a fixed price for labour.

Damage caused by abuse or misuse

No damage caused by any form of abuse or misuse is covered by the MaxCare Silver, MaxCare Gold or MaxCare Platinum service plans. Examples of such damage:

- scratched or broken screen due to not using a screen-protector
- scratched or broken screen due to use of sharp object when writing and/or typing
- cracks or damages to the casing of the unit caused by driving over, stepping on or dropping the unit
- broken antenna due to abuse or misuse
- damaged or broken contacts due to abuse or misuse

Repair

No damage caused by any form of abuse or misuse is covered by the MaxCare Silver, MaxCare Gold or MaxCare Platinum service plans.
